The green grass grew all around

There was a hole
in the middle of the ground
the prettiest hole
that you ever did see
there was a hole in the ground
and the green grass grew all around
all around
and the green grass grew all around.

And in that hole there was a tree
The prettiest tree
That you ever did see
and the tree in hole
and the hole in the ground
and the green grass grew all around
all around
and the green grass grew all around.

And on that tree there was a branch
The prettiest branch
That you ever did see
And a branch on the tree
And the tree in the hole
And the hole in the ground
and the green grass grew all around
all around
and the green grass grew all around

And on that branch there was a nest
The prettiest nest
That you ever did see
And the nest on the branch
And the branch on the tree
And the tree in the hole
And the hole in the ground
and the green grass grew all around
all around
and the green grass grew all around

And in that nest there was an egg
The prettiest egg
That you ever did see
And the egg in the nest
And the nest on the branch
And the branch on the tree
And the tree in the hole
And the hole in the ground
and the green grass grew all around
all around
and the green grass grew all around

And in that egg there was a bird
The prettiest bird
That you ever did see
And the bird in the egg
And the egg in the nest
And the nest on the branch
And the branch on the tree
And the tree in the hole
And the hole in the ground
and the green grass grew all around

The little plant

In the heart of a seed,
buried deep so deep,
a little dear plat
lay fast asleep

"Wake" said the sunshine
"And creep to the light"
"wake" said the voice
Of the raindrops bright.

The little plant heard,
And it rose to see
What the wonderful
Outside world might me.
